

Circular No.107/2023-24.

20th December 2023

Dear Parent,

Children really enjoy fulfilled math activities, and this will help to develop lots of skills in them and which they can transfer and apply in their lives. As a part of developing their mathematical skill, AVN Vida International School has proposed to conduct the following activities for the students on Friday, 22nd December 2023 during school hours. The activities are basically intended to develop the knowledge of students in the field of mathematics. Kindly motivate your ward to actively participate and developing their IQ skills.

Grade	Activities
Grade 1&2	Role Play about any shapes or concepts
Grade 3&4	Tangram puzzles
Grade 5-7	Math Quiz
Grade 8& 9	✓ Mathematical Puzzles ✓ Shakuntala Devi movie time

Note: For further details, the students can contact their respective math teacher.
